THE CONNECTING SHELTER

The Wilson Road Trailhead is a connector on the Camp Chase Bike Trail. Before the Wilson Road Park came to be, there wasn't a connection in this area for the two points on the trail.

Overall, the trailhead combines a sense of community and utility to the area. It gives cyclists traveling across the state on the Ohio to Erie Bike Trail a chance to rejuvenate while bringing a sense of community to the surrounding neighborhoods. The Wilson Road Trailhead is bringing value to an up-and-coming neighborhood.
